

Dutch lawyer with evidence against Bill Gates in jail

By Alice Bosman

Alice Bosman is an former Dutch police agent and detective, her background is collecting facts and hard evidence, to build the legal case, CIA project COVID19 / the great reset, versus 9 victims of the COVID shots. Alice is currently an independent journalist with a focus on victims of Satanic Ritual Sexual abuse.

Alice Bosman has crucial information on the legal case of Arno van Kessel versus Bill Gates, and the motivation why this Dutch lawyer is arrested. Alice has also researched all legal options to free Arno, he is arrested without any charges against him, she found the last remaining option to liberate Arno van Kessel. The Dutch Government jailed Arno brutal, with no evidence, obstructed the trial and protected Bill Gates and other charged key people, including Mark Rutte and Albert Bourla.

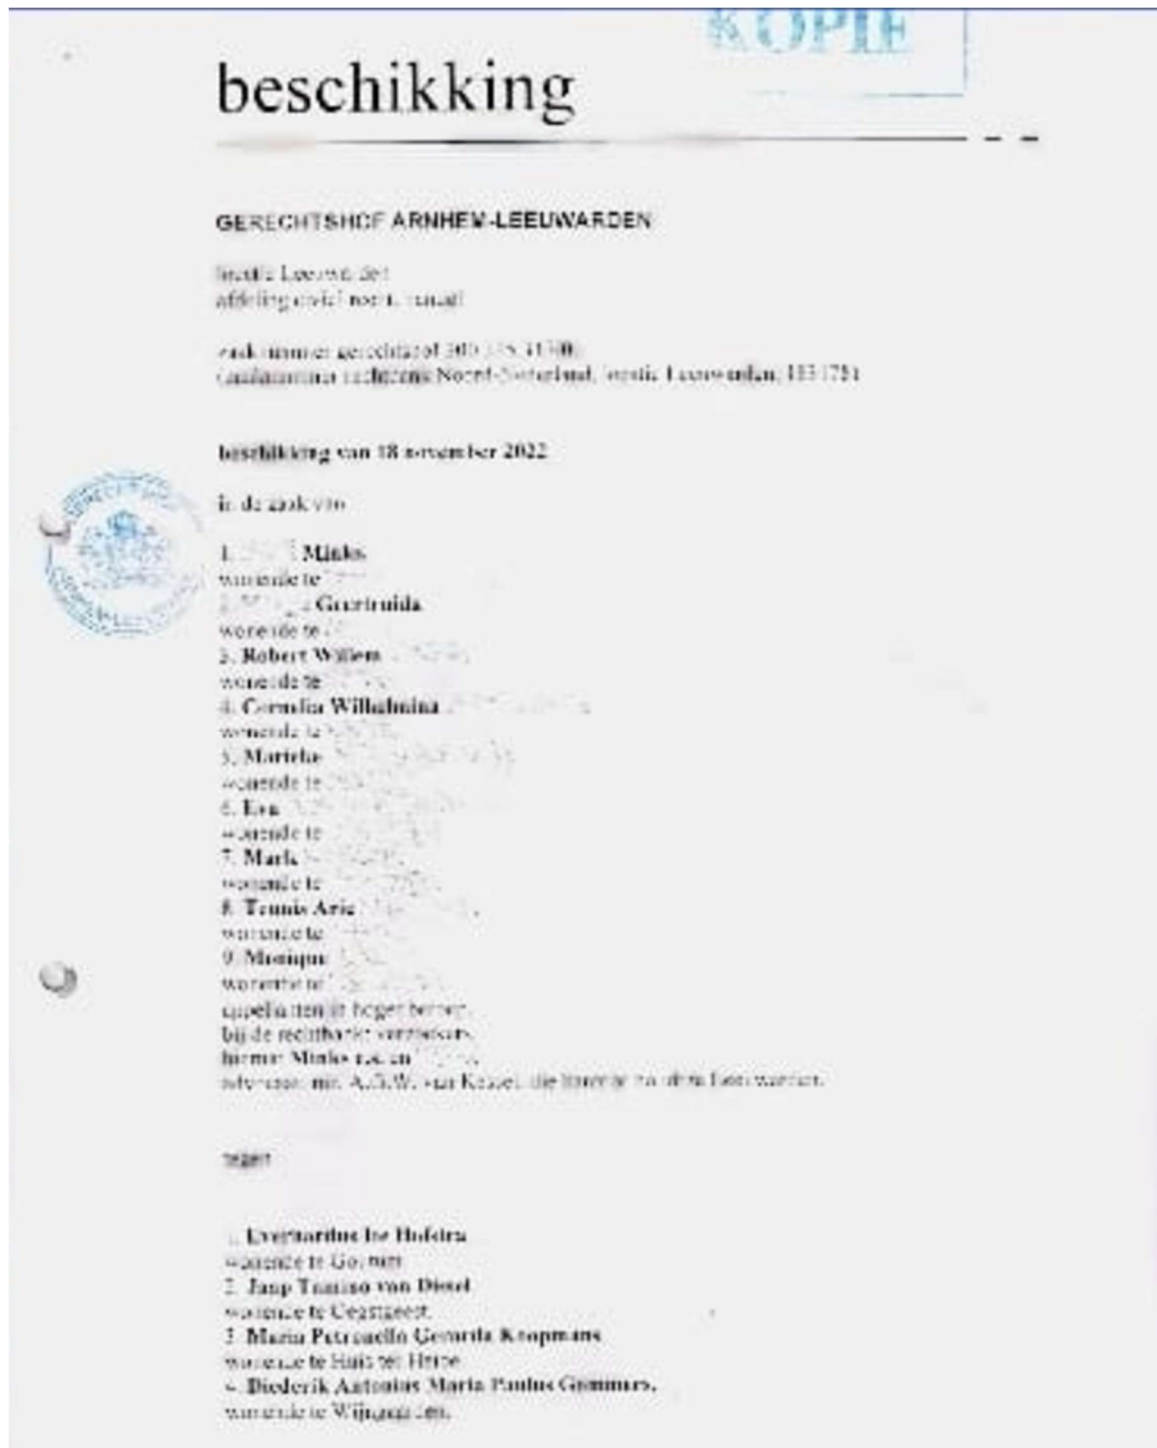

The trial is In Leeuwarden, The Netherlands

Alice is more than 5 years already in contact with Arno van Kessel, providing facts and evidence , to build the case from COVID 19 / the great reset, on behalf of 9 vaccination victims against:

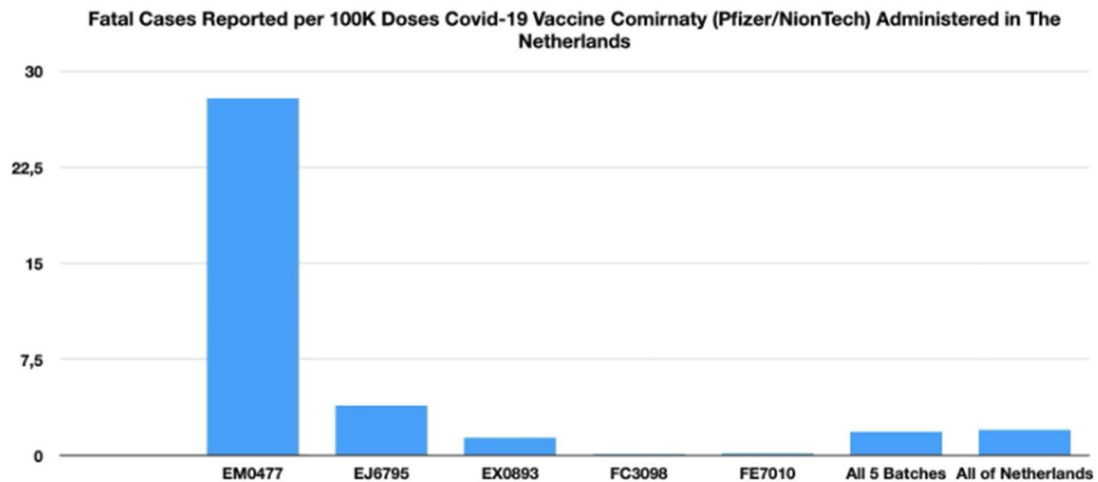

Bill gates	Bourla	Jansen	Van Kamp
V Dissel	Koopmans	Hofstra	Rutte
Kaag	De Jonge	Kuipers	Gommers
V Nieuwenhuize	Siebesma	State of the Netherlands	

Arno van Kessel has published his findings in his book Covid 19 / the great rest

In his book he has the formal confirmation from the court in Leeuwarden that COVID 19 is a CIA project, as the image below is showing.

In his defence, at the trial in Leeuwarden, Arno has exposed that batch EM0477 was the killer batch, 14 x more lethal than any other batch. At the COVID 19 vaccination, different batches have been used, however the authorities are now hiding which batch is used per each vaccination, he proofed that EM0477 was the absolute killer batch, causing the most COVID 19 vaccin casualties

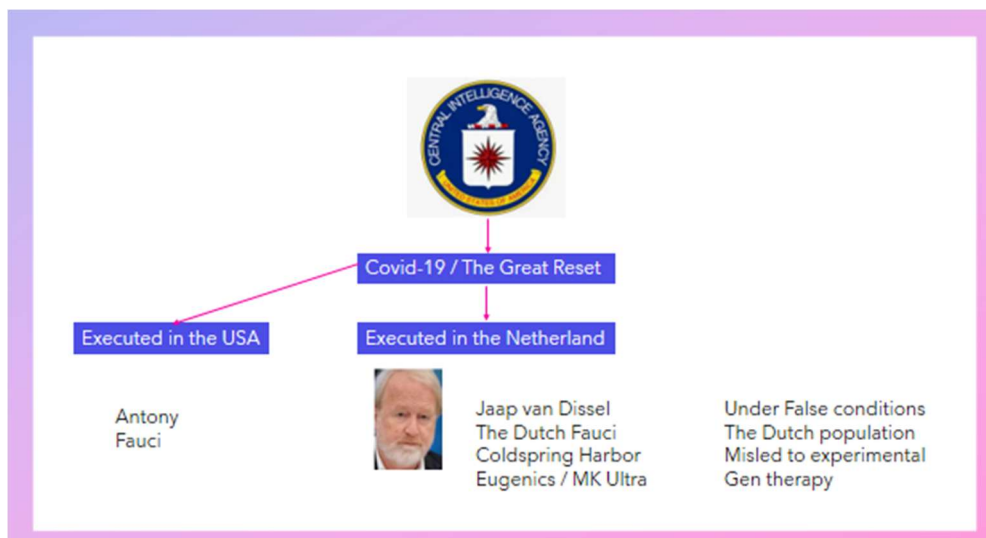

Lawyers Arno van Kessel and Peter Dassen were building a very strong case against the charged Bill Gates, Pfizer, Rutte and the Dutch Government, making the charged parties accountable for the caused damage of these vaccinations.

Conclusions

- COVID-19 / the Great Reset is an CIA project
- Batch EM0477 is found to be the killer batch

Recently the focus came also on Jaap van Dissel, he was leading the COVID-19 CIA project in the Netherland, the contact with WHO (Tedros) and CDC(Fauci) during the COVID global genocide conspiracy. Jaap van Dissel is a trained CIA MK ultra specialist / Eugenics , educated by deep state Coldspring Harbour Labs and is a suspect in the Bodegraven MK Ultra practice, where key persons for key position during the COVID -19 project have been recruited and MK Ultra programmed for their future jobs. Mister Jaap van Dissel as a true Gottlieb follower lied and misled the Dutch population. There is clear evidence that he was well aware about the facts. He knew that the COVID measures and the vaccins were not effective, he told differently and forced the COVID-19 vaccination in The Netherlands. It is very suspicious that Jaap van Dissel did not defend himself, as he agrees with the claim of Arno van Dissel and is afraid of being caught on perjury

Jaap van Dissel lied about herd immunity, which led to the legal mandatory COVID vaccination. The consequence of his lie is that the legal mandatory informed consent of the receiver is missing, which makes Jaap van Dissel personal liable for any damage, this also includes any psychological or emotional damage, as a result of the COVID 19 vaccination. The mistrust in the health system is a direct result of this lie.

38. Aan de vooravond van de vaccinatiefase was het Van Dissel die als directeur van het RIVM zich heeft sterk gemaakt voor de grootschalige uitrol van de vaccinaties. In verband hiermee heeft Van Dissel bewust meegewerkt aan de misleiding van de Nederlandse bevolking door middel van de leugen dat door vaccinaties groepsimmunititeit zou ontstaan⁵. Ook heeft Van Dissel de rol van het RIVM als manager van het grootschalige vaccinatieprogramma mogelijk gemaakt. Van Dissel sprak daarbij de wens uit dat alle kwetsbaren zo spoedig mogelijk zouden worden gevaccineerd. About Jaap van Dissel in the summons of Arno van Kessel:

36. Gedaagde sub 2, hierna te noemen: 'Van Dissel' is sedert 15 augustus 2013 directeur van het CIB. Zoals hiervoor al aangegeven is het CIB een onderdeel van het RIVM. Van Dissel is in die hoedanigheid voorzitter van het OMT. Blijkens de website van het CIB is het CIB aanspreekpunt voor de World Health Organisation (hierna te noemen: 'WHO') en de Centers of Disease Control van de Verenigde Staten van Amerika (hierna te noemen: 'CDC'). Het CDC is in de VS gelijk aan het Nederlandse RIVM. In die zin is Van Dissel, evenals de andere gedaagden, verbonden aan het grotere geheel zoals omschreven in deze dagvaarding. Van Dissel heeft de evident onrechtmatige adviezen van het OMT steeds publiekelijk bewust en daarmee opzettelijk verdedigd in de wetenschap dat deze adviezen fout en schadelijk waren en door het overgrote deel van de Nederlandse bevolking zouden worden opgevolgd.
37. Gelet op de deskundigheid van Van Dissel en de functie die hij bekleedt, wekte Van Dissel bij [REDACTED] het grote vertrouwen in het narratief waarbij vaccinatie de enige uitweg uit de pandemie zou zijn en Covid-19 vaccins veilig en effectief zouden zijn.
38. Aan de vooravond van de vaccinatiefase was het Van Dissel die als directeur van het RIVM zich heeft sterk gemaakt voor de grootschalige uitrol van de vaccinaties. In verband hiermee heeft Van Dissel bewust meegewerkt aan de misleiding van de Nederlandse bevolking door middel van de leugen dat door vaccinaties groepsimmunitet zou ontstaan⁵. 39. Van Dissel valt aan te rekenen dat hij als voorzitter van het OMT zijn verantwoordelijkheid niet heeft genomen en hij daardoor maatschappelijk onzorgvuldig jegens [REDACTED] heeft gehandeld met de door [REDACTED] geleden schade tot gevolg. [REDACTED] hadden de Covid-19 injecties niet (kunnen) laten zetten wanneer Van Dissel zijn taak met de vereiste maatschappelijke zorgvuldigheid zou hebben vervuld. Het advies van het OMT zou dan anders hebben geluid, althans zou Van Dissel tegen dit advies publiekelijk zijn ingegaan waardoor [REDACTED] afdoende zouden zijn gewaarschuwd en de Covid-19 injecties niet zouden hebben laten zetten.

Jaap van Dissel receives Royal protection in the Netherlands, it looks like he is part of the royal family, he is legal completely un-touchable, as shown in the many law suits.

Many people in The Netherlands are convinced that the brutal arrest of Arno van Kessel is to protect by all means Bill Gates, Bourla, Rutte and Jaap van Dissel.

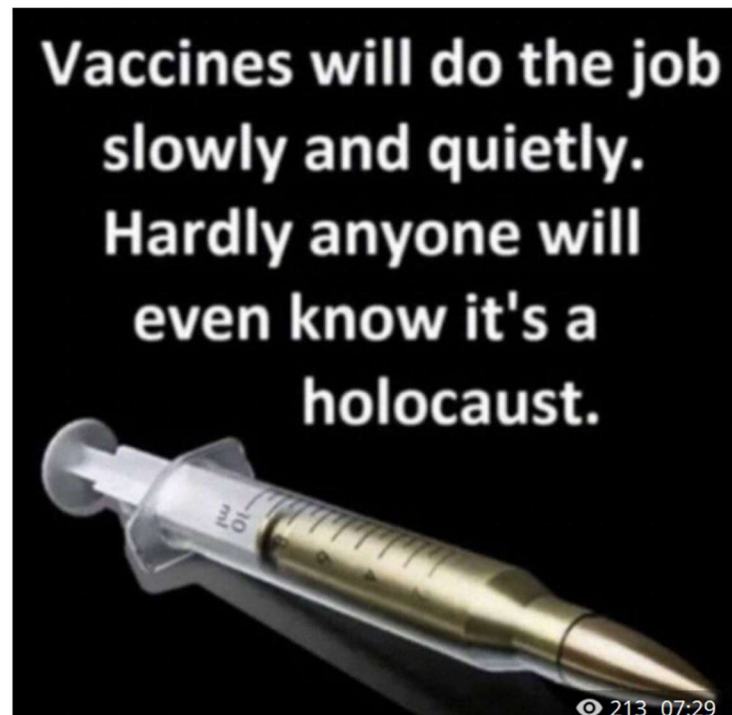

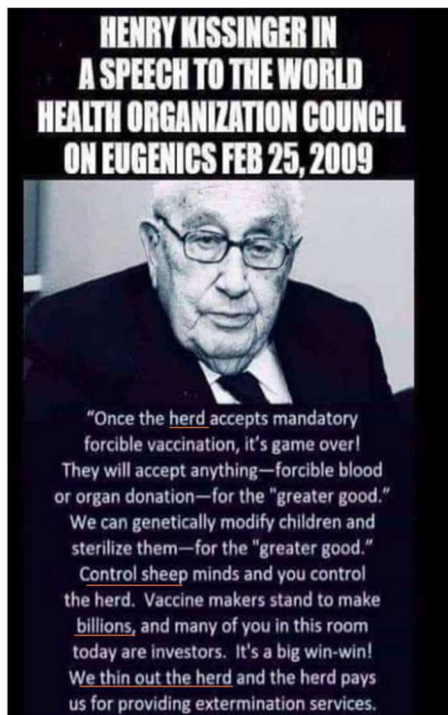

Eugenics Masterplan

Erik Boomsma researched the 1850 founded Eugenics organization and the masterplan that has been developed orchestrated. Although there are many questions about vaccination damage and the higher mortality, the vaccination campaigns, keep going on with COVID 19, in all other vaccination campaigns, with damage or caused death , these campaigns were terminated. COVID 19 is un-questionable, un-stoppable. In the Netherlands nearly ,5 million death's are caused by the COVID 19 vaccination, completely ignored by the government .

The CIA COVID 19 The Great Reset program, executed by the Eugenics Jaap van Dissel, seems to be a Masterplan, far bigger than the Joseph Mengele Holocaust.

If you think Eugenics, is just a concept, think about Henry Kissinger, active Bilderberger member and his famous speech. Henry Kissinger during WHO Council Eugenics Council in 2009, explained what the plan was, **Vaccine makers stand to make millions, we then out the herd and the herd pays us for providing extermination services.**

Arno was about to make the relations very clear in the trial, this needed to be stopped. The arrest of Arno and the trial done excellently by Peter Stassen solely, while Arno was in prison, got a lot of attention globally.

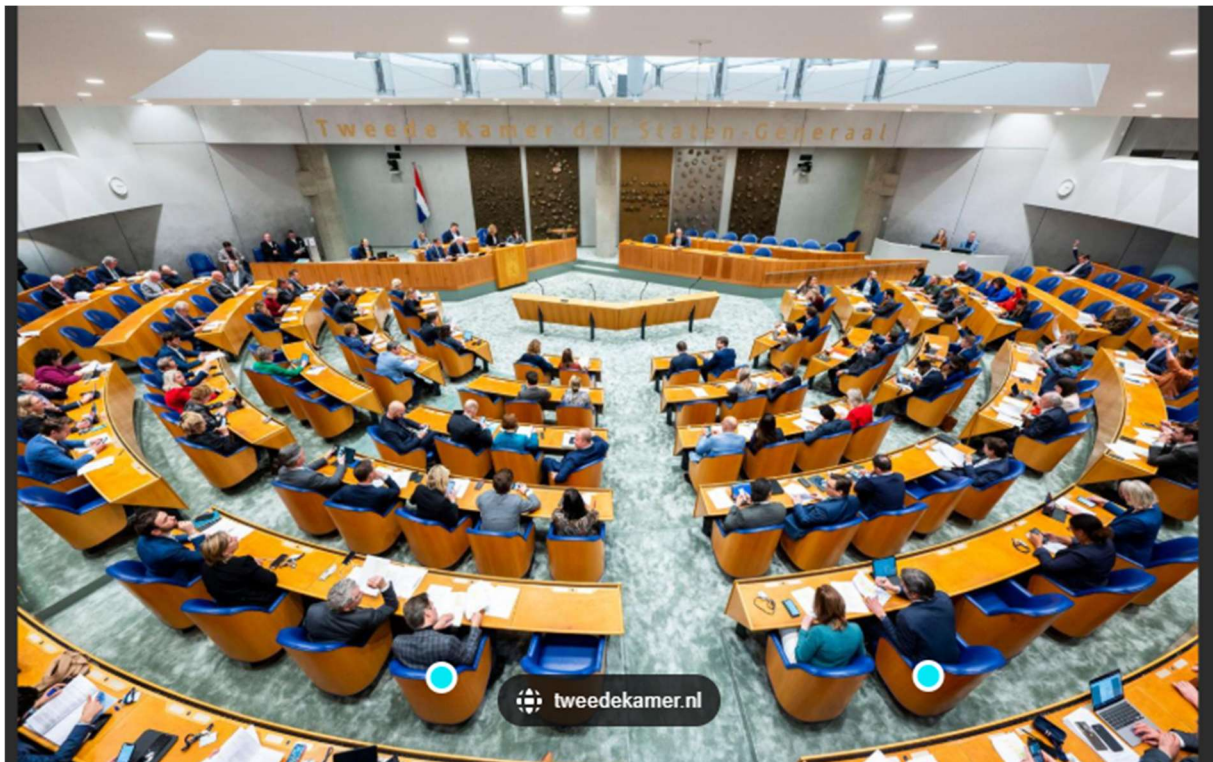

Investigation arrest Aron van Kessel

After the sudden arrest of Arno, which looks like a guilt confession from the accused Dutch government, Alice Bosman decided to look at all legal possible options to get Arno by law free again. To liberate Arno, Alice has contacted the local police, the court and Ministry of Justice, on all layers her request for investigation in his brutal arrest.

The government strategy is to frame Arno van Kessel and make him look like a real bad and dangerous criminal, the classic treatment for whistle blowers. Take his freedom away, take his lawyer license away, in the hope to break Arno van Kessel.

Due to all the attention of the case, more and more people in the Netherlands and worldwide have interest now in the case and are convinced that Arno van Kessel was about to proof the truth and make the true responsible players in the Covid program in the Netherlands responsible for the charges. This is the classic gas lighting media government answer we see all the time, false claims, making whistle blowers look like criminals and distract from the real subject, their guilt.

The only remaining option now is that the Dutch politicians, elected by the people, represent the people and use their rights to force an investigation of the arrest of Arno van Kessel, which looks more an obstruction of the justice to us.

The question now is will the chosen politicians request this investigation, or will they be silent, just as they were silent about the mandatory covid injections, of which all of them received in writing immunity for. Will the politicians again be controlled or will they request justice for Arno van Kessel

Will the Dutch politicians request the investigation, or be quiet again

So the question is, do the members of parliament use their rights, as requested, to demand an investigation.

Why is Arno arrested, are there no charges against him, why is he locked up as a criminal in the most secured prison, when he is on behalf of covid vaccin victims taking Bill Gates and the Dutch government to court ?

Do the Dutch politicians have a deal, no questions to ask in return for their covid vaccination immunity ?

Is the CIA COVID 19 project, as discussed, all according to the Eugenics Masterplan ?
